ORE TO SHORE MOUNTAIN BIKE EPIC

MICHIGAN'S PREMIERE POINT-TO-POINT MOUNTAIN BIKE RACE

NEGAUNEE - ISHPEMING - MARQUETTE

AUG. 11, 2018 • 19TH ANNUAL • ORETOSHORE.COM

48 MILE, 28 MILE, 10 MILE & YOUTH EVENTS

Good Luck Racers!

Hello Racers,

Whether this is your first Ore to Shore or your 19th, this race offers challenges for every level of rider. The unique point-to-point race, has riders follow the path from where iron ore was first discovered in Negaunee in 1844 to Lake Superior where it would be loaded onto ships heading south.

The 48-mile Hard Rock course travels through Ishpeming, past towering head frames from the heyday of underground mining, and then turns north into the beautiful wooded wilderness, following the Dead River into Marquette. The shorter 28-mile race also starts in Negaunee, but immediately turns north and then east towards Marquette.

The two courses merge six miles north of Negaunee and the Soft Rock riders get to experience the same incredible overlooks as well as the same finish line. Hundreds of volunteers contribute to prepare the course and provide aid stations to make sure your race is an outstanding experience.

See you on the start line,

Scott Tuma
Race Director

RACE INFORMATION 2018

START TIMES

Shore Rock (10 Mile) Lakeview Arena - Marquette	8:00 AM
Soft Rock (28 Mile) Lakeview Elementary School - Negaunee	9:00 AM
Hard Rock (48 Mile) Iron & Silver Streets - Downtown Negaunee	10:00 AM
Junior Rock (4 Mile) Lakeview Arena - Marquette	4:00 PM
Littlest Rock (50 Yard) Lakeview Arena - Marquette	5:00 PM
Little Rock (1 mile) Lakeview Arena - Marquette	5:15 PM

All times are Eastern Standard time.

NUMBER PLACEMENT

Racers will receive one number plate to be mounted to the front of your handlebars with the twist ties provided. If needed, extra twist ties are available at the packet pick up table. Our race timing uses disposable timing chips. The chip is attached to your number plate and does not need to be returned at the end of the race.

SEEDING

To make the starting process easier and safer for all, please put yourself in the proper seed position. Faster riders to the front and slower riders near the back. Signs will be provided to help riders self-seed. Riders will not be permitted to jump into the front a few minutes before start time. Place your bike early to reserve your spot.

PREFERRED STARTS

Riders who have been awarded a preferred start have their own start area at the front of the pack for the 28 and 48 mile races. You must have a preferred start number to enter this area.

HELMETS

Use of an approved helmet is required for all events.

CLOTHING DROP BAGS

Bags are available at the packet pick up table for use as a clothing drop bag. Please be sure your race number is written on the bag. Drop bags left at the designated areas at the starting lines will be

transported to the finish at Lakeview Arena. Although the drop bags will be secured, we cannot be held responsible for lost or stolen items.

AID STATIONS

Five aid stations will be found on the Hard Rock course near miles 10, 17, 23, 32, and 42. Two aid stations are located on the Soft Rock course near miles 9 and 16. These stations will offer energy drink, water, and bananas. There is also a finish line aid station at Lakeview Arena.

MEDICAL EMERGENCIES

If you have a medical emergency, stay on the course so responders can locate you easily. If you come upon an injured rider, report it to the next medical volunteer or radio volunteer on the course. They are located at all aid stations and at other critical points along the course. Try to note the nearest mile marker to the injured rider's location and their race number. If cell phone service is available, you may also report emergencies by dialing 911 and providing the same information. Those waiting for a rider to arrive who are concerned that they are late may check at the info table to find out if they have had a medical emergency.

TRAIL COURTESY

Please display ordinary trail courtesy when passing other riders. A friendly shout of "passing on the left" is all that is needed. Try to throw all litter near an aid station.

COURSE

The trail is marked with arrowed signs at all corners and wrong way signs (with flagging tape) posted at trail forks. Course officials will be directing riders at all road crossings. Mile markers will be posted at every mile. The course will traverse some paved and dirt roads. Please ride on the right of all roads, as they may be open to vehicular traffic. Please be advised that you may encounter sand, rocks, and water. Hazards will be posted with yellow caution signs where deemed necessary. The course does have a number of active railroad crossings. Riders must yield to railroad traffic, jumping the train will result in disqualification.

TECHNICAL ASSISTANCE

Local bike shops will be on hand to provide technical assistance at the start areas of both races. They will have minor items (tubes, etc.) for sale. Please carry your own tools and supplies for emergency repairs on the course.

(Continued on next page)

CUT-OFF TIME

As a courtesy to the many volunteers, riders failing to make it to Forestville Road (Approximately 39 miles into the Hard Rock course and 19 miles into the Soft Rock) by 3:30 PM will be guided off the course and taken to the finish area by a support vehicle.

DROPOUTS

If you should decide to drop out of the race, please turn in your race number to a race official.

THANK A VOLUNTEER

Hundreds of hard working volunteers have made this event possible. Please be kind and remember to thank a few!

FINISH LINE

The finish line aid station will have post-race feed such as bananas and donuts for all registered racers. Massages will be also be available at the arena for a fee.

BIKE WASH & BIKE CORRAL

Hoses will be available outside Lakeview Arena for washing bikes. A bike storage area will be provided until 4:00 PM, while riders are socializing at the arena or returning to the start to pick up vehicles. Bikes will be secured to the best of our abilities, but we cannot be responsible for lost or stolen bicycles.

SHOWERS

Showers are available at Lakeview Arena free of charge. Please provide your own towels.

RACER PROTESTS

All protests regarding posted times, finish order, or racer conduct must be submitted in writing to the Race Jury by 5:30 PM. The Race Jury will be comprised of the Chiefs of Race, Timing, and Registration. The decisions of the Jury are final.

BUS SCHEDULE

Return transportation will be available free of charge to the start areas in Negaunee. No bikes on the buses please, the bike corral is available as mentioned above. Buses will run from 11:00 AM to 5:00 PM and will leave every half hour.

AWARDS CEREMONY

The Awards Ceremony will be at Lakeview Arena, starting at 6:30 pm. The top overall finishers (male and female) in both races will receive merchandise and/or cash awards. Commemorative awards will be given to the top three finishers in each age class in both races, who do not qualify for the overall awards. Every rider has a chance at \$1,000 in random cash drawings! Pick up your ticket for the random prize drawings at the award ceremony. You need to be present at the awards ceremony to win, and **ID will be required**. Please note that we are not able to hand out any awards before the awards ceremony. If you are not able to stay for the awards ceremony, we will be sure to mail your award to you. **Also note that overall winners will need to present a photo ID to receive their cash awards.**

RESULTS

All timing will be completed by White River Sports from Iron River, Wisconsin. Results will be posted at the arena as soon as they become available. Any errors should be reported to the timers immediately. The results will be printed in the Sunday, August 13 edition of the *Mining Journal* and can be viewed online at www.oretoshore.com.

KIDS' EVENTS

The Kids' Events will be taking place at Lakeview Arena on Saturday afternoon. Racers must register for the Junior Rock by 9:00 PM Friday. Racers who have pre-registered for the Junior Rock may also pick up their packets from 1:30 to 3:30 PM on Saturday. Registration is available for the Little and Littlest Rock until 3:30 PM Saturday. Come on out and cheer these future bike racers on!

PARKING

Parking is available at Lakeview Arena. Please avoid the areas marked off for the course and spectators. Northern Michigan University has also made available the Berry Events Center parking lot, just across Pine Street to the west of the Arena.

O2S PARKING: Fri & Sat - Please use NMU Berry Events Center east parking lot. Enter at the intersection of N. 3rd St & Fair Ave.

Ore to Shore Registration & Finish Line Area @ Lakeview Arena
401 E. Fair Ave, Marquette MI 49866

Come for the Biking, But Stay for the Beer

Few things are better after a long day of riding than sitting down to a cold pint of beer. While some people consider a recovery drink to be of the electrolyte variety, We prefer ours to be crafted with barley, water, hops, and yeast. Whether you are “recovering” from serious miles on the shoulder, testing your wits and agility on single-track, or covering every mile of the bike path on your classic cruiser, there is a craft beer for you.

From a crisp Pilsner to the bitter depths of an Imperial IPA, it’s natural to pair a beer style to your riding style. Perhaps what we like best about biking, and beer for that matter, is that there are so many different ways to enjoy it. We would be lying if we said our brewery crew didn’t have an embarrassing number of bikes between us all to prove this point. Astonishingly, it is quite possible to enjoy your road, mountain, cross, fat, and cruiser bikes all in one week, if not in one day, with all the trails and roadways this northern town has to offer. Similarly, the options of the craft beverage variety are as available and as uniquely enjoyable as the riding that comes before. Sure, there is nothing wrong with a strict IPA affiliation, but why not add wheat beer, porter, or a nice farmhouse ale to the mix.

Given the fact that “radler” literally means “cyclist”

in German, it would seem wrong not to partake in this classic beer and lemonade combination. Originating in the early 1900’s for cyclists in need for a refreshing less-alcoholic beverage on their journey, it is the original rider’s pairing. But it would be a shame to stop here. With pale ales to satisfy after a long day on the trails or a puckering sour to compliment the intensity of a downhill ride, picking your beer is as fun as picking your course and we challenge you to do just that. Of course, finding a great spot to sit with friends and celebrate the events of the day and the libations that follow is just as important. We hope we have that covered too.

While the promise of a grueling cross country mountain bike race may be what brought you here, we hope you get the chance to enjoy a few other 2-wheel adventures before you depart. Between the miles of bike path skirting the shores of Lake Superior and some truly amazing single track winding its way through the dense forestland that surrounds it, we know you are going to love this place as much as we do. And when you come to the end of the road, know that we will be here waiting to serve you that perfect recovery beverage to quench your thirst and inspire your next excursion.

Cheers!

Start the Cycle Teams Up with Ore to Shore

The Start The Cycle Bike Team, now beginning their 6th season, has a lot to be proud of. Having competed in 5 Ore To Shore races, all 4 of the 906 Polar Roll fat tire bike races, all 3 of the Iron Range Rolls, 2 Winter NTN Wild Side fat tire bike races and 2 CycloCross events, all together we have had over 150 finish line crossings. 2018 is gearing up to be our best year yet!

nity to be selected for the Winter Fat Tire Bike Team and if they keep their equipment in satisfactory condition for the following year, they are invited to take their place as a returning team member to set new goals and mentor our new team members.

We are happy to announce the addition of a Mobile Unit/Trailer! The mobile unit will not only provide transportation and storage of equipment, but will serve at the local trailheads as our riding basecamp. A workbench being built and installed by North Oak Manufacturing will make repairs and maintenance on the trail much more convenient. After achieving our own 501(c)3 Non-Profit status in 2016, donations, grants and sponsorships have made it possible for our team to expand our outreach and be more mobile than ever.

Look for our new mobile unit at local trailheads and biking events! Volunteers and team members will be happy to give you a tour. And remember, our team members are trained to help you with tire repairs, broken or dirty chains, or just a friendly smile!

Start The Cycle would like to Thank our volunteers, mentors, sponsors and donors for their continued support and making this all possible. Together, we are Building Community through Biking!

Each year 10-14 new members are interviewed and selected for the Start The Cycle team. Orientation and indoor training/team building gets underway in April. The team is taught bike maintenance and repair, along with trail etiquette. Start The Cycle provides a bike, hydration pack, helmet, gloves, race and practice jerseys, padded riding pants and 20 weeks of trail riding with trained volunteer mentors. All of this is supplied by fundraising and donations and there is no charge to the participants.

The end of the season is marked by the completion of the 28 mile Ore To Shore Mountain Bike Race in August. Once the team members cross the finish line, they get to keep all of the equipment. Next there is opportu-

NMU Students Gain Free NTN Access

NMU News Bureau 1/5/2018

Northern Michigan University students now receive free access to all of the bike, ski, snowshoe and foot trails that comprise the Noquemanon Trail Network (NTN). They can also check out snowbikes, snowshoes and cross-country skis for use on the NTN Trail Systems at no charge. The NMU-NTN partnership provides a value-added benefit for the NMU student experience and promotes participation in healthy outdoor activities easily accessible from campus.

“The value to the NTN is increasing the potential number of trail users,” said Jon Mommaerts, vice president of the NTN Board of Directors. “We can use those numbers whenever we’re looking for grant opportunities. Students who use the trails may also become NTN members after they graduate, continuing the relationship and contributing revenue.”

“This partnership provides another funding source to help stabilize and grow the organization. We’ve been very much volunteer-driven since the beginning, but the NTN has become so expansive, we need to professionalize the organization and create the experience we want the community to enjoy to ensure the NTN is here for the long term.”

Lakeshore Bike and Down Wind Sports provided discounts on equipment for the program and are donating time for maintenance.

For more information on the partnership between NMU and NTN, visit noquetrails.org.

We Fuel Adventures

Nothing is quite as essential as coffee and adventuring. Since the beginning, coffee has been used for energy. Shepherds who needed to stay awake during the night watches, monks who stayed up all night studying old texts, and now fast forward to you.

The thrill seeking, bike enthusiast, adventurer.

Sure, we may not still need coffee to keep us up to guard the sheep or study ancient manuscripts, but we do need it to fuel wild rides and keep us warm on the snow packed corduroy trails in the dead of winter.

It's simple really, coffee brings out the fullness of life for us adventurers. Not only does it fuel the riders of the Upper Peninsula's crowning city, but it also fuels our expeditions of traveling around the world to personally find the best coffees to roast.

We here at Velodrome Coffee Company believe that coffee is human and that to have connection across our supply chain is to also have a better, more transparent, and reputable product. We personally source our green coffee from people we actually know. Either we have personally traveled to their coffee farm and shaken hands or a trusted friend has. We know there is power in sharing our stories and lives across cultures and timezones and we believe that uncompromising sourcing standards will build a more ethically sustainable industry.

So, in essence not only do we fuel adventures, but we connect adventurers.

for cyclists. by cyclists.

Marquette's bike-friendly coffee shop.

Trails. Trails. Trails.

Trails. We all love trails. Whether you enjoy a cruise through the woods with the family, an adventure on groomed winter singletrack, or you prefer to drop off gnarly rocks surrounded by the colors of fall, the Marquette area offers a little of everything on its growing network of year-round trails.

The Noquemanon Trail Network (NTN) has been hard at work for over 15 years in an effort to build, maintain, and improve the trails that seem to branch out in every direction. With enhancements to the NTN network throughout the year, every visit offers something new.

Construction in summer 2017 brought the new Silver Lead Trail in the Forestville area on the NTN North Trails and the start of the Yellow Trail south of Marquette Mountain (set to be completed in 2018). In addition, the new NTN Forestville campground is open for primitive camping right on the trails and the area also serves as a lit beginner ski loop in the winter months. NTN is also proud to be part of a new partnership launched in 2018 with Northern Michigan University that provides trail access and free fat bike, Nordic ski, and snowshoe rentals to all current students!

If you are coming for O2S, be sure to plan some extra days (or week) to experience all of what the NTN and nearby RAMBA Trails and Harlow Lake/Little Presque Isle have to offer. And if you are looking into colleges and trails are a priority, be sure to put NMU at the top of your list.

To support trail efforts as a local or a visitor please join as an NTN member, donate, or volunteer some time to the trails or related events such as Ore to Shore. Every little bit helps including simply sharing your trail experiences via social media with the hashtags of #ntntrails, #ntnevents, #northtrails, #southtrails and #forestville.

Families Who Race Together Grow

The UP Health System Ore to Shore Mountain Bike Epic invites families to participate in the Komatsu Fastest Family challenge during the events on Saturday, August 11, 2018.

The Komatsu Fastest Family awards are open to families entering three or more immediate family members (living in the same household) in any combination of the 4 mile, 10, 28 or 48 mile races. Trophies and cash prizes will be awarded to the Top 5 overall, families with the fastest average speed (total combined miles/ total combined time). To qualify, check the box for a family team and enter your family name on the registration form. The top five fastest families will win awards and prize money which will be presented at the awards ceremony.

- 1st \$200
- 2nd \$160
- 3rd \$120
- 4th \$ 80
- 5th \$ 40

The Komatsu Fastest Family provides a fun way for families to participate as a team and to encourage each other to excel. Having a team with a goal to be the fastest family can be a great way to motivate everyone to spend more time training as well as exercising together as a family. The Ore to

Shore prides itself on being a family event with something for every age and ability level.

For more information contact the Ore to Shore by e-mail at oretoshore@gmail.com or call (866) 370-RACE.

KIDS EVENTS REGISTRATION & PACKET PICKUP

The Little Rock is a one mile race that leaves Lakeview Arena loops through the NMU Superior Dome parking lot and returns back through the finish line chute.

The Littlest Rock is a 50 yard dash down the finish line chute designed for our littlest riders. Most of these kids are on walk-bikes, tricycles or bikes with training wheels.

Adults may ride or walk along with their children in either event, however we ask that you allow those children who are riding independently to cue up near the front of the start line so as to avoid congestion and passing conflicts. Adults who are riding must wear a helmet as well.

Registration for both the Little & Littlest Rocks is open on Friday night during the Expo. You may also register & pick up packets at Lakeview Arena on Saturday from noon until 3:00PM.

KOMATSU

Built for the future of mining

Now part of Komatsu, the former Joy Global brands of Joy, P&H and Montabert share a rich history of innovation. Together we are ready to take the mining industry where we've always been headed: **➤ FORWARD.**
